PROFESSIONAL SUMMARY

BCA graduate and **MERN Stack Developer Intern** at Bigziel, Chennai, building responsive web applications and full-stack features with React.js, Node.js, Express.js and MongoDB. Knowledge of REST API development, JWT authentication, role-based access control and database design. Built four business-focused applications (CRM, HRMS, appointment booking, e-commerce) as frontend projects, and actively working toward scalable, user-focused full-stack solutions.

EXPERIENCE

MERN Stack Developer Intern | Bigziel, Chennai Sep 2026 - Present (4-month internship)

- Developing full-stack features using **React.js, Node.js, Express.js and MongoDB** in a team environment.
- Building **RESTful APIs** with Express.js and integrating them with React front ends for real-time data flow.
- Implementing **JWT authentication**, role-based access control and secure CRUD operations.
- Collaborating with cross-functional teams to deliver features on schedule; debugging API integration and production issues.

SELECTED PROJECTS

CRM & Smart Quotation Management System Live Demo | GitHub

Frontend application: HTML5, CSS3, JavaScript, localStorage

- **Problem:** Pricing errors, slow quotation preparation and no visibility into quotation status.
- **Solution:** Client-side CRM with login to manage customers, products, user counts and pricing rules, with automatic **quotation generation and PDF export**.
- **Impact:** Automated pricing calculations to speed up quotation preparation for sales teams.

Employee Management System (HRMS) Live Demo | GitHub

Frontend application: HTML5, CSS3, JavaScript, Canvas API, MediaDevices API, localStorage

- **Problem:** Manual attendance tracking, scattered HR records and untracked employee requests.
- **Solution:** Role-based HRMS (HR, admins, employees) with **webcam attendance**, leave management, payroll, PDF payslips, analytics and department-based ticketing.
- **Impact:** Centralized HR workflows and synced attendance automatically with approved leaves.

SoftMeet: Appointment Booking & Business Hub Live Demo | GitHub

Frontend application: HTML5, CSS3, JavaScript, localStorage, Font Awesome

- **Problem:** Manual bookings, double-booked slots and leads disconnected from the CRM.
- **Solution:** Responsive booking platform with a live calendar, slot validation, service selection, booking management and a **chatbot assistant** (prototype).
- **Impact:** Prevented booking conflicts and converted confirmed appointments into CRM leads.

Emergency Medical Store: Mini E-Commerce Live Demo | GitHub

Frontend application: HTML5, CSS3, JavaScript, localStorage

- **Problem:** Finding an open pharmacy, the right medicine or a doctor is slow in an emergency.
- **Solution:** Mobile-first app with cart and promo codes, COD/UPI checkout flow, prescription upload, doctor booking, **GPS-based SOS** with WhatsApp/SMS alert links, and an admin dashboard for stock and orders (simulated workflows).
- **Impact:** Combined ordering, emergency alerts, doctor booking and inventory management in one app.

ACHIEVEMENTS

- **President, College Students' Union (2024-2026)**, representing the entire student body.
- **Organized 5+ college events**, including seminars, from planning to execution.
- **Led a team of 4** to build the Emergency Medical Store web application.
- **Class Representative**, bridging students and faculty on academic concerns.
- **Built 4 business-focused web apps** (CRM, HRMS, booking, e-commerce) with live demos.

TECHNICAL SKILLS

Frontend	React.js, JavaScript (ES6+), HTML5, CSS3, Redux Toolkit, Tailwind CSS, Bootstrap, Axios
Backend	Node.js, Express.js, RESTful APIs, JWT Authentication, RBAC, Middleware
Database	MongoDB, Mongoose (Aggregations, Indexing), MySQL, SQL
Developer Tools	Git, GitHub, Postman, Vercel
AI Tools	Cursor, Codex, Claude, Gemini, GitHub Copilot
Additional	TypeScript, Redis, Webhooks, Microservices, GitHub Actions (CI/CD)

EDUCATION

Bachelor of Computer Applications (BCA) | University of Madras, Chennai 2023 - 2026

Score: 68%

Higher Secondary (Class 11-12) | K.E.N.C HR Government School 2021 - 2023

Score: 62%

CERTIFICATIONS

- **MERN Full Stack Developer** - Courseinn Academy
- **Foundations of Project Management** - Coursera
- **Fundamentals of Web Development** - TNSkills
- **Data Analytics Job Simulation** - Quantium
